Dear Mr. Neiva,

Thank you for attending the PCTS workshop, *Fracture across fields: insights from materials science, biology, and geophysics* at PCTS, Princeton University from May 8-10, 2024, in Room 407, Jadwin Hall, on the fourth floor.

We found your poster presentation, "*MERLIN-Frac: An Efficient Computational Approach To Origami Fracture Mechanics*." To be very interesting and relevant for the workshop.

Please let me know if you have any questions and we hope to see you back at PCTS for a future event.

Thank you, on behalf of the program organizers:

John Kolinski

Andrej Košmrlj

Ching-Yao Lai

Reza Moini

Abigail Plummer

Sincerely,

Charlene Borsack
